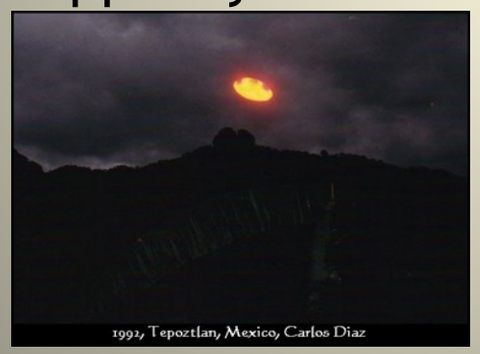
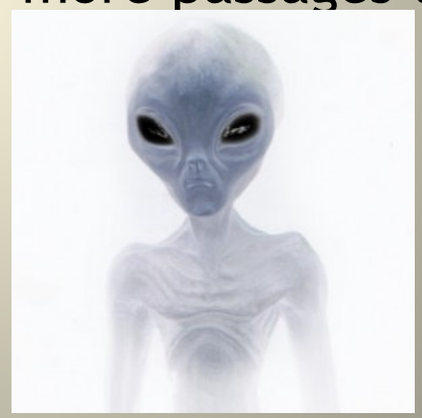
Global Warming - Continent sizes

True relative size of continents. See all the north land

Last week question

- What are your thoughts about UFO's / aliens?
  - Give an answer
  - Give reasons for your answer
  - Use the Bible, one or more passages to support your answer.





Definitions

- Alien - A foreigner, especially one who is not a naturalized citizen of the country where they are living

- UFO – Unidentified Flying Object

- Our use of the word ‘alien’ - a intelligent being not from Earth.

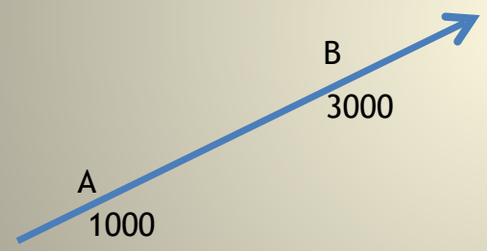
Science: Past, Present, Future

- World was flat?
- Chemistry was magic?
- Flight would be magic!
- Not today – today it is science
- What is magic today? Angels/demons, aliens
- Is science only physical world? Quantum mechanics seem supernatural – here now, across universe next second!
- Tomorrows science – will it be like 500 years ago?
  - Did not know about electricity, magnetism, gravity, …

magnesium phosphide (Mg_3P_2) + water vapour in air ignites with a flash.

An example – the shortest distance

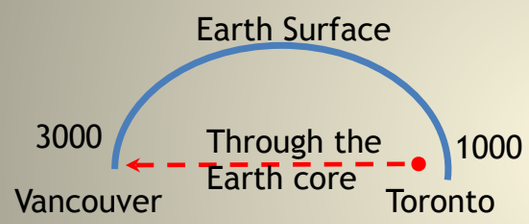
In a 1 dimensional world, shortest distance between 2 points is a straight line.



Distance is 2000.

The shortest distance?

In a 1 dim. world, shortest distance between 2 points is a straight line.



To 1 dim. creature, following the line is still straight. A 2 dim. creature can cut across the plane.

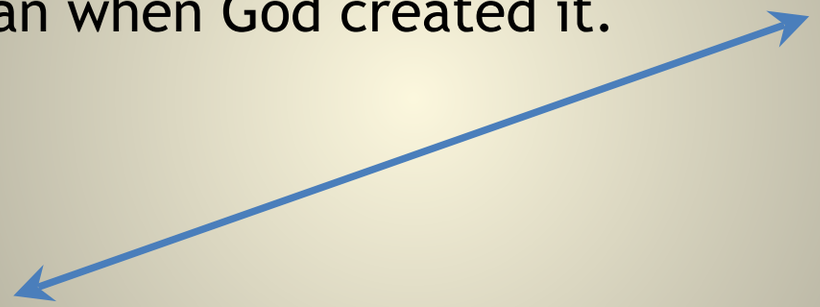
Circle = ∏ d = ∏ (3000-1000).
Blue = ½ a circle = ½ ∏ (3000-1000) = 3,143 km
Red = (3000-1000) = 2,000 km.
Both distance are straight lines. One is 1,143 km less.

Extend this concept for 4,5 dimensions. Not so hard to imagine possibilities we cannot do.
Example – Star Trek – hyperspace, or worm holes – to travel large distances fast but ‘jumping’ to other dimensions and then jumping back.
Ie- jump out of hypersapce.

Building a Foundation - dimensions

1 dimensional world:

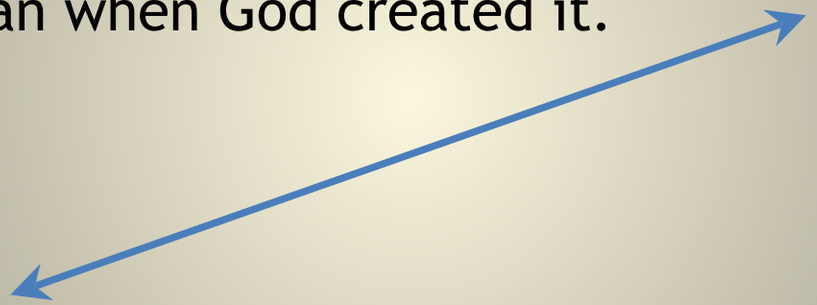
- forward and backward only.
- Began when God created it.



Building a Foundation - dimensions

1 dimensional world:

- forward and backward only.
- Began when God created it.

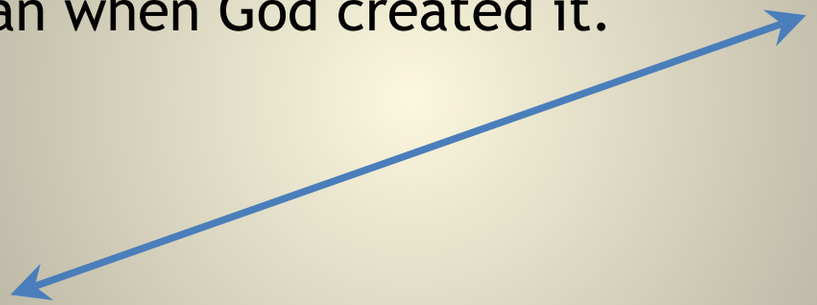


First dimension – TIME. We can only move forward.

Building a Foundation - dimensions

1 dimensional world:

- forward and backward only.
- Began when God created it.

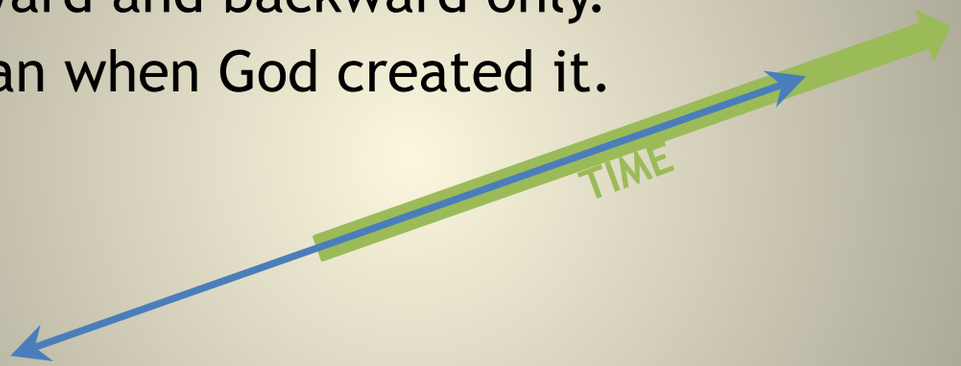


First dimension – TIME. We can only move forward. It is possible, as movies show, there are beings not

Building a Foundation - dimensions

1 dimensional world:

- forward and backward only.
- Began when God created it.

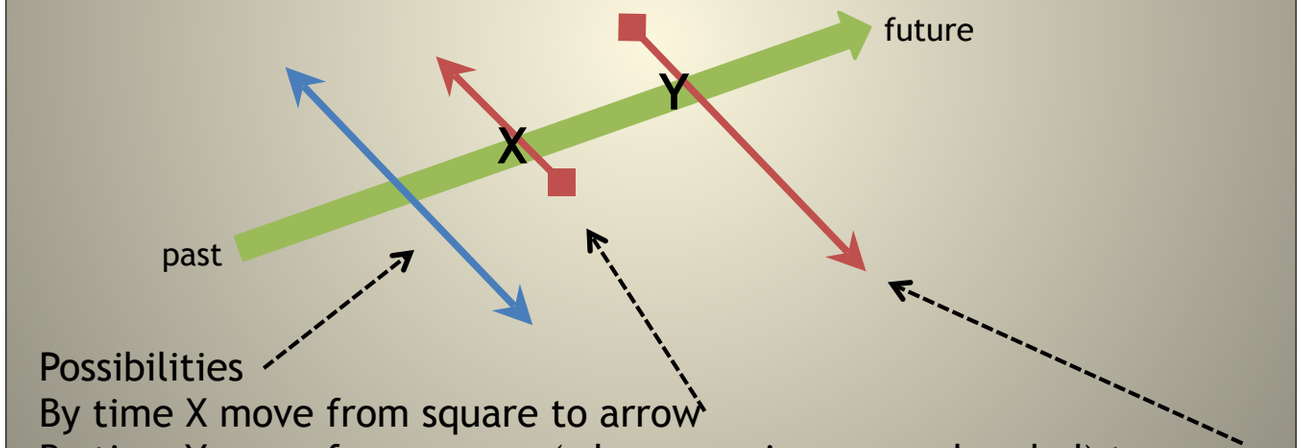


First dimension – TIME. We can only move forward. It is possible, as movies show, there are beings not confined to only moving forward.

Building a Foundation - dimensions

2 dimensional world:

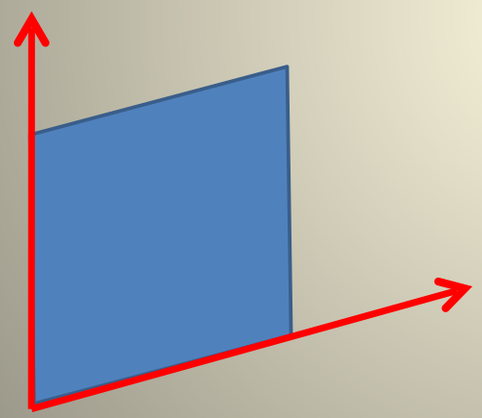
- As time moves forward, ability to move forward and backward in 1 dimension.



Expanding Science

A 3 dimensional world:

- Time, Forward, backward, left, right. 3 axis.

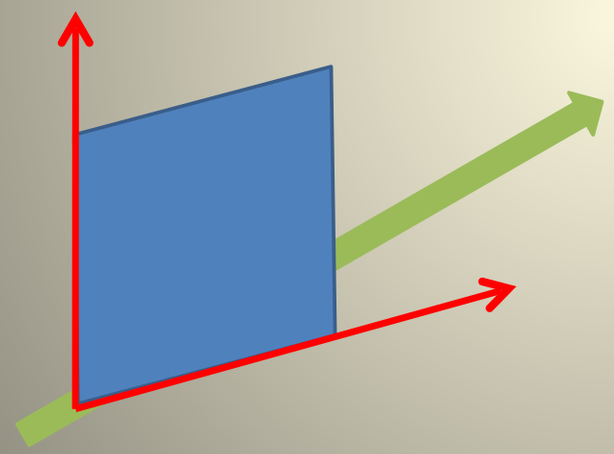


A 3 dimensional creature can move in 4 directions only.

Expanding Science

A 3 dimensional world:

- Time, Forward, backward, left, right. 3 axis.

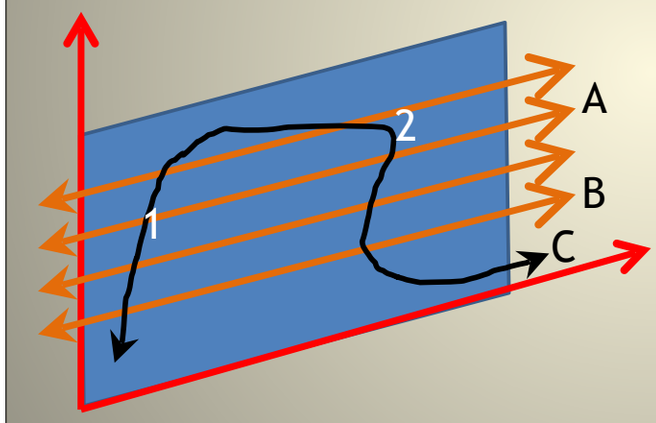


A 3 dimensional creature can move in 4 directions only.

Expanding Science

A 2 dimensional world, ignoring the time dim.:

- Forward, backward, left, right. 2 axis.



A 2 dim. (plane) is a series of 1 dim. (lines) side by side. A 2 dim. Creature (C) can cross from line to line.

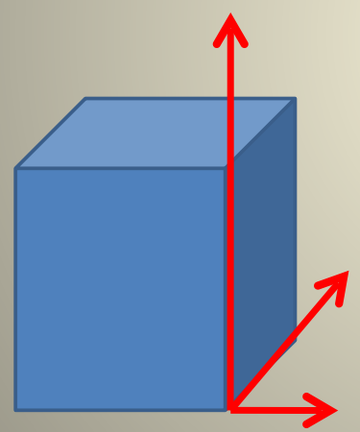
1 dim. creature on line A does not know about creature on line

How would this appear to creature A:
At point 1 creature A could see creature C as C crosses A's dimension.
Then C would disappear.
Later A could see C for an instant as C again crosses A's dimension. Then C would disappear again.
MAGIC! From points A's view.
Creature C could see A and B all the time as C lives in both dimensions.

Our World?

A 4 dimensional world:

- time, forward, backward, left, right, up, down



A 3 dim. (cube) is a series of 2 dim. (planes) lying on top of each other. A 3 dim. animal can cross from plane to plane.

cube moves forward through time, thus exists in 4 dimension.

2 dim. creature on a plane does not know about creature on another plane.

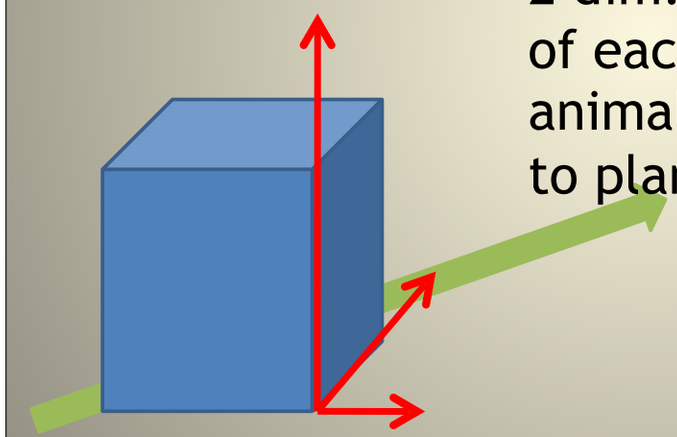
Just line a 1 dim. Creature does not know about or see 2 dim creatures,
So 2 dim. Creature does not know about or see 3 dim. Creatures.
A creature in 3 dim. Can appear to a 2 dim. Creature by crossing it's plane,
After which it would disappear again.
Allows creatures to appear and disappear and reappear in different places. MAGIC!

Our World?

A 4 dimensional world:

- time, forward, backward, left, right, up, down

A 3 dim. (cube) is a series of 2 dim. (planes) lying on top of each other. A 3 dim. animal can cross from plane to plane.



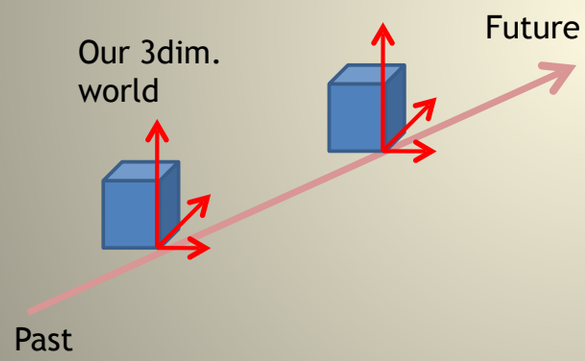
cube moves forward through time, thus exists in 4 dimension.

2 dim. creature on a plane does not know about creature on another plane.

Just line a 1 dim. Creature does not know about or see 2 dim creatures,
So 2 dim. Creature does not know about or see 3 dim. Creatures.
A creature in 3 dim. Can appear to a 2 dim. Creature by crossing it's plane,
After which it would disappear again.
Allows creatures to appear and disappear and reappear in different places. MAGIC!

Are there more Dimensions?

4th dimension – time. Moves forward only



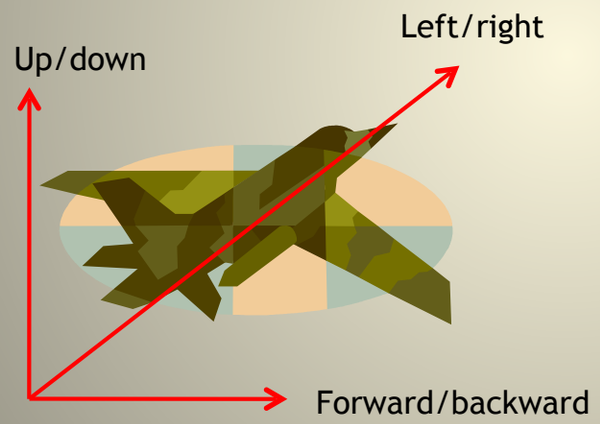
We as 3 dim. creatures can understand time but
cannot manipulate it.
We cannot move back and forth through it as we can through the 3 dimensions.

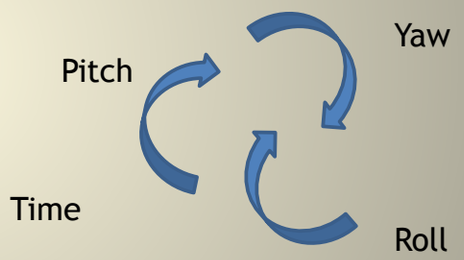
Take my body here. Standing in this position right now. A location and size in 3 dimensions.
An instant from now, as time moves forward, I may be in the same position or a different one.
But I can never go back to the previous instance, where-as I can go back to the previous location and size.
We can manipulate 3 dimensions but not the 4th.

Are there more Dimensions?

Airplanes, Submarines:

- Appears to operate in a 7 dimensional world



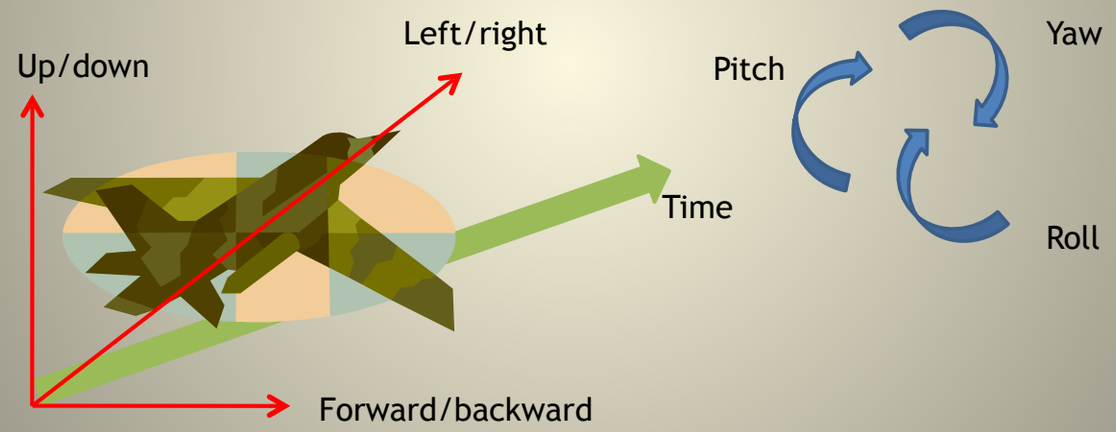


Not really 7 dimensions as pitch, yaw, roll can be mapped into up/down, left/right, forward/backward if applied to different parts of the plane or submarine

Are there more Dimensions?

Airplanes, Submarines:

- Appears to operate in a 7 dimensional world



Not really 7 dimensions as pitch, yaw, roll can be mapped into up/down, left/right, forward/backward if applied to different parts of the plane or submarine

What is the limit?

- Stephen Hawking
  - Older string theory: 26 dimensions
  - A Brief History of Time: 11 dimensions
- Some think dark matter exists in other dimensions, interacting with us through gravity.
- Religious Books:
  - Bible: II Cor. 12:2. Paul taken to 3rd heaven.
  - Bible: Acts 8:26 – 40. Read it. V26-40. Philip disappeared.
  - Quran 41:12, 65:12 – 7th heaven.
- Angels, demons – one of these dimension?
  - we cannot see/measure, similar to dark matter.
- Are these areas outside science?

1st heaven – atmosphere, 2nd – space/universe, 3rd – heaven, outside our space/time/dimensions.

Many have tried to limit science to the material world. Is this valid?
Extra dimensions are mathematical concepts. According to some scientists they are real, where ‘strings’ live, where ‘dark matter’ exists. Etc

Quantum Mechanics – real science?

- Deals with uncertainty at the very small scale of particles and subatomic particles.
- These particles can be a particle or a wave, thus the uncertainty.
- Some think a particle can disappear and appear at another location in the universe.
- Does this sound like science or MAGIC?
- If so, what is the difference between the previous dimensional concepts and quantum mechanics?

Particle – solid material
Wave – like the ocean, it moves through something but is not solid.

UFO’s – many are not ‘U’

- Weather balloon
- Atmospheric electrical event
- Unusual atmospheric light – Northern lights
- Military or other aircraft
- Meteors, comets
- Clouds

- Unexplained other things – what we are interested in.

U = unidentified

UFOs - What do we know?

- Travel at unbelievable speeds.
- Change direction instantly, at high speed.
- Often rotating lights and surfaces.
- Appear from nowhere and disappear.
- Take people onboard and do experiments on them.
- Seen all over the world.
- Seen by all kinds of people.
- Aliens travel about in UFO’s.

Change direction instantly not possible on our science today, our laws of physics. Would get ripped apart from momentum forces.

Are UFO's and Aliens from space?

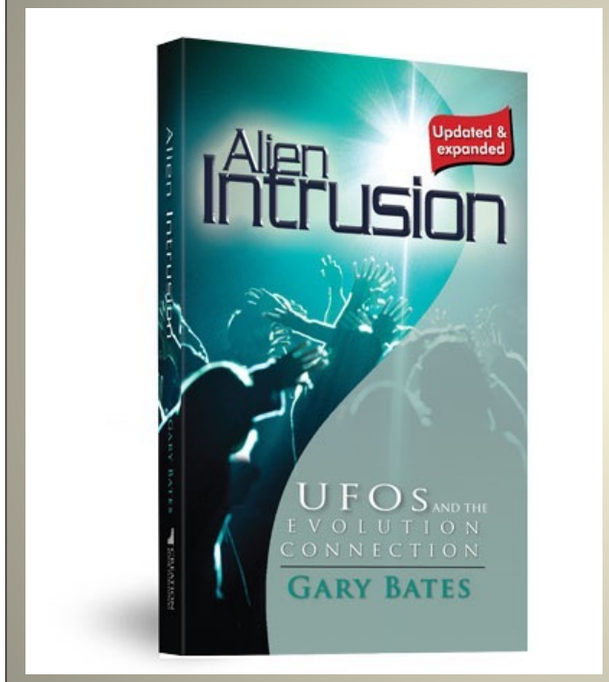
- Genesis 1-3 – Man was created in God's image. So we did not descent from some alien race that planted their seed here.
- Romans 5:12 "Therefore, just as sin entered the world through one man, and death through sin, and in this way death came to all people, because all sinned."
- Romans 8:22 "For we know that the whole creation groaneth and travaileth in pain together until now."
- 2 Corinthians 5:15 "And he died for all, that those who live should no longer live for themselves but for him who died for them and was raised again."
- 2 Peter 3:13 "But according to his promise we are waiting for new heavens and a new earth in which righteousness dwells."
- Bible indicates ALL creation, not just earth suffer due to Adam's (a man from Earth) sin. Should life on other planets suffer and be judged for this?
- Seems like the Bible indirectly indicates no such thing as life on other planets. Psalms 19:1 "The Heavens declare the glory of the Lord". No hint of life. Heavens made as signs of seasons.

Sin entered through Adam, and all have sinned so Jesus died for all Adam's descendants.
Aliens would not be descendants of Adam.

Other Possibilities

- Previously talked about angels/demons taking physical forms.
- Previously talked about Nephilim (half human and have spirit).
- Jesus appeared and disappeared. John 20:19 “Then the same day at evening, being the first [day] of the week, when the doors were shut where the disciples were assembled for fear of the Jews, came Jesus and stood in the midst, and saith unto them, Peace [be] unto you. “

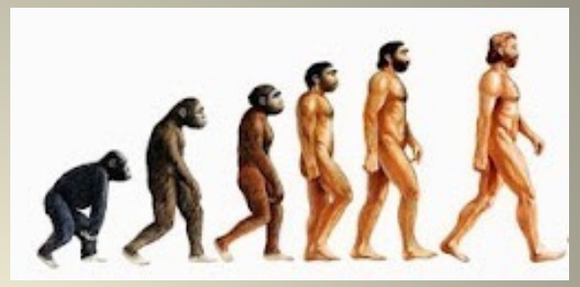
Aliens are demons, deceiving many.



- Dr Bates goes into a lot of detail about aliens, where they comes from.
- He concludes they are fallen angels (demons) deceiving mankind.
- Thus they are real; not from Earth. They are from the spirit world.

Think about the Middle Ages and ‘magic’

Tonight:

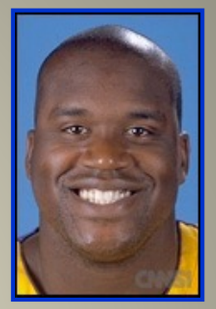


Evolution of man

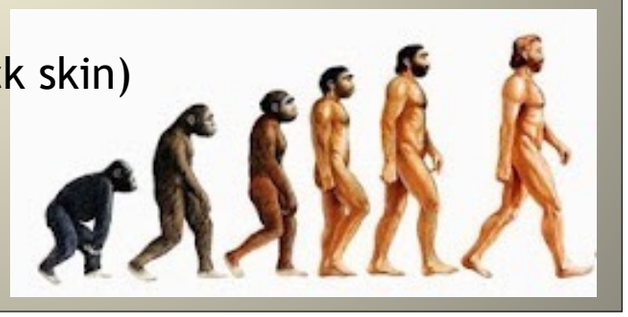
Revelations tie-in

Conclusion

Evolution of man



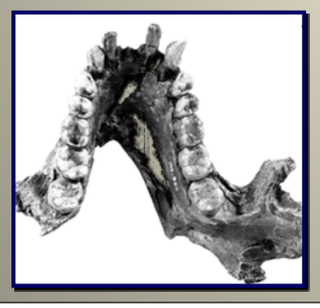
- Genesis 1:24 – 31
  - 24, 25 – ‘Kind’
  - 26, 27 – man in ‘our image’.
  - 28 – God talks to man, not animals
  - 29, 30 – God talks about food for man ‘and’ beasts.
- Anywhere in the Bible any hint of evolving?
- Bible does talk about variations in man:
  - Read Genesis 6:4 – Nephilim (giants)
  - 11:8 (language)
  - Song of Solomon 1:5 (black skin)

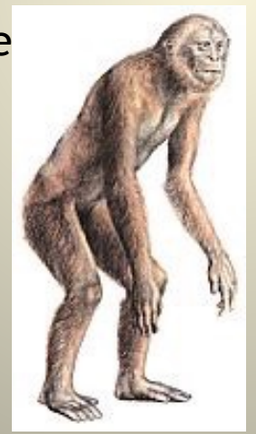


The image is evolutions idea of where man came from.
Some variations but basically some monkey or ape form changed, evolved over long periods of time to become human.
Billy Barty – 3’9”
Shak O’Neal – 7’1”

Ramapithicus, Lucy

- What did they find in 1930?
- 14 million years old.
- “Ramapithicus is ideally structured to be an ancestor of hominids. If he isn't, we don't have anything else that is.”
  - Time Magazine (Nov. 7, 1977)





- From bones, artist drew Lucy.
- 3.5 millions years old.
- Found in 1974, Ethiopia.
- Ribs, pelvis, legs, foot design distinct from humans.
- Evolutionist admits foot wrong but says textbooks OK.
- Lucy is not pre-human.

Found a jaw bone and some teeth.
Artist created an entire creator.
Time magazine quote shows how poor this science is. They have nothing better.
But, that was in 1977, 45 years ago. Maybe there is more evidence now!
Especially important as after 1977 a baboon was found in Ethiopia with same jaw.
No longer considered part of human ancestry.

Ape ribs are conical shaped, Human ribs are barrel-like.
Pelvic design and balance ape like, not human.
Angle of knee joint different from Orangutan, spider monkey, human, chimp and gorilla.
Foot and toe design like monkey, not human

Piltdown man and Nebraska man

- 500,000 years old.
- In England found parts below between 1908 and 1912.
- NY Times said “Darwin Theory proved true.”
- 1953 exposed as fraud.

- 1 million years old fossil.
- Found in 1922.
- Used as evidence of evolution at 1925 Scopes trial.
- Proved to be an extinct pig’s tooth.
- Entire claim of a ‘man’ was based on a single tooth.

Parts found were the black parts, so the smaller portions. The white parts are recreations – guesses.
In 1953, Piltdown Man was exposed as a forgery. The skull was from a modern human; jawbone and teeth were from an orangutan.
Teeth had been filed down to make them look human.
The bones and teeth had been chemically treated (and sometimes even painted) to give them the appearance of being ancient.

Nebraska man – entire claim on 1 tooth. Shows how desperate evolutionists are.

Neanderthal and Cro-magnon man

- Found in Dusseldorf, Germany in 1856.
- Lived 130,000 – 30,000 years ago.
- Painted in caves, musical, spoke, buried dead, used jewelry.
- DNA shows 100% human.

- Found in France, 1868
- 5 partial skeletons found.
- Dated to 26,000 BC.
- Evolutionists say human, but shows cultural evol.
- Lived in huts, baked, sewed, artists, musical.
- Nothing related to evol.

Female and man skulls

Original images are more ape like. Modern images, as we have more evidence, are human -fully human!
Picture shows living in caves. Genesis 19:30 says Lot and daughter lives in a cave. Elijah lives in a cave for a while.
Hebrews 11:38 talks about great men of God living in caves. After flood probably lives in caves.
Many other references.

DNA tests show some small variations but modern humans have even more variations. They are human.
Cannot be used as evolution evidence, but most people do not realize this, still think are human ancestor.

Neanderthal and Cro-magnon man

- Found in Dusseldorf, Germany in 1856.
- Lived 130,000 – 30,000 years ago.
- Painted in caves, musical, spoke, buried dead, used jewelry.
- DNA shows 100% human.

- Found in France, 1868
- 5 partial skeletons found.
- Dated to 26,000 BC.

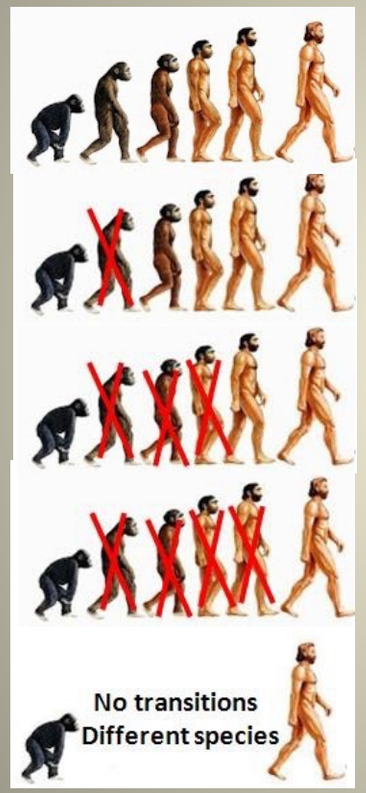
Hebrews 11:38 talks about great men of God living in caves. After flood probably lives in caves.
Many other references.

DNA tests show some small variations but modern humans have even more variations. They are human.
Cannot be used as evolution evidence, but most people do not realize this, still think are human ancestor.

Remember this picture:



Typical evolution picture

No Ramapithicus

No Lucy, no Nebraska Man

No Piltdown man,
no Neanderthal, no Cro-Magnon

Just animal and man, as Bible tells us in Genesis 1.

Human and Ape DNA 98% similar?

A review of the common claim that the human and chimpanzee (chimp) genomes are nearly identical was found to be highly questionable solely by an analysis of the methodology and data outlined in an assortment of key research publications. Reported high DNA sequence similarity estimates are primarily based on prescreened biological samples and/or data. Data too dissimilar to be conveniently aligned was typically omitted, masked and/or not reported. Furthermore, gap data from final alignments was also often discarded, further inflating final similarity estimates. It is these highly selective data-omission processes, driven by Darwinian dogma, that produce the commonly touted 98% similarity figure for human–chimp DNA comparisons. Based on the analysis of data provided in various publications, including the often cited 2005 chimpanzee genome report, it is safe to conclude that human–chimp genome similarity is not more than ~87% identical, and possibly not higher than 81%.

Plane and car are 98% identical – both have wheels, windows, seats, engines, wings, paint jobs, wiring, temperature controls, doors, many more things.
Thus cars descended from planes.

Does 87% mean we are related?
Tomatoes have about 20% more genes than humans. Maybe tomatoes evolved from humans!

Conclusion:

Humans and apes are different species (kinds).

No evidence of evolution!

All claims of evidence have proven in error or fraud.

Creation (beginning) and Revelations (new beginning)

- Genesis 1:1 “In the beginning God created the heaven and the earth. “
- Revelations 21:1,2 “And I saw a new heaven and a new earth: for the first heaven and the first earth were passed away; and there was no more sea. And I John saw the holy city, new Jerusalem, coming down from God out of heaven, prepared as a bride adorned for her husband. “

Many parallels we can learn from.

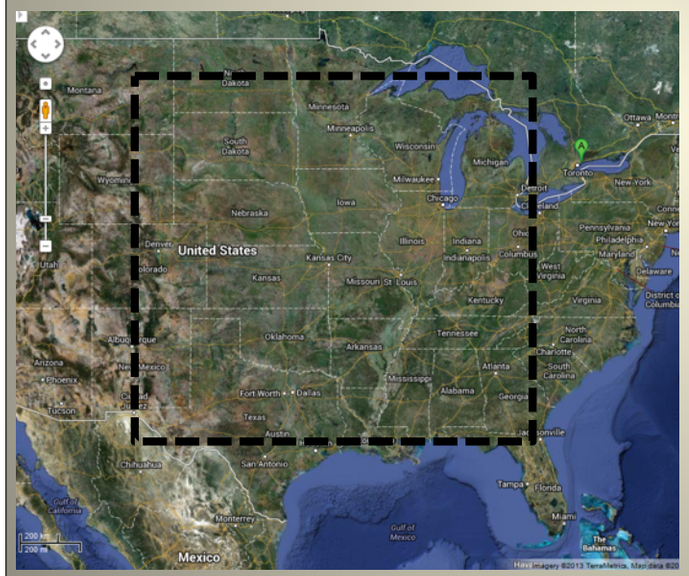
Parallels

Creating of heaven and earth	(Re)create of new heaven and earth.
Tree of life in the garden	Tree of life by the river.
2 angels act for God.	2 witnesses act for God.
Adam and Eve walked with God.	No temple, God and the Lamb are the temple.
Originally no sun or moon.	No need of a sun or moon.
No sin.	Only believers are in the Lambs book of life.
One river which broke into 4.	River flowed through it.
Animals were peaceful	A child will lead a lion.
Perfect creation.	Perfect recreation.
Nimrod – first great rebel.	The Beast – last great rebel.

All parallels are from Genesis, the first few chapters and Revelations the last few chapters.
The second last is from
Only the last bullet on column 2 is not from the Bible directly but we know it is true.

The Science in Revelations

Rev. 21:16 “When he measured it, he found it was a square, as wide as it was long.
In fact, its length and width and height were each 1,400 miles.”
Rev. 21:23 “And the city had no need of the sun, neither of the moon, to shine in it:
for the glory of God did lighten it, and the Lamb [is] the light thereof.”



Laws of physics would not allow the city to be so large. Would flatten, or fly off into space from momentum, or sink into the ground.
Earth rotation would be off – wobbling, unsteady.
Our world depends on the sun for energy in the form of light and radiation which creates heat. Also causes photosynthesis in plants. Vitamin D in humans.

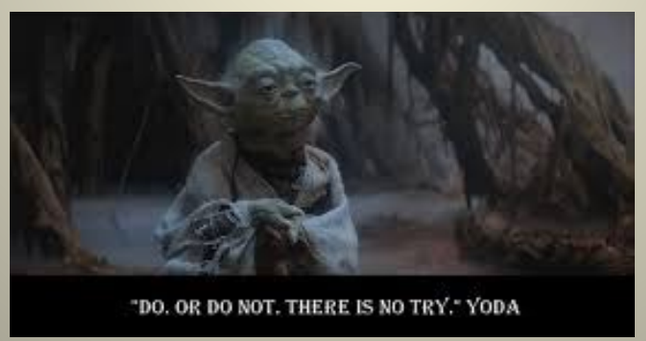
The Science in Revelations

Gen 3:23 “So he drove out the man; and he placed at the east of the garden of Eden Cherubims, and a flaming sword which turned every way, to keep the way of the tree of life.”

Mankind in the garden could have lived forever.

Rev. 21:4 “He will wipe away every tear from their eyes, and death shall be no more, neither shall there be mourning, nor crying, nor pain anymore, for the former things have passed away.”

We are going to live forever – tree of life exists in the new Jerusalem.



Yoda was over 900 years old when he died.

Parallels - differences

- Seas / oceans created.
- Sun/moon for light.
- Night – darkness.
- Sin, curse, death.
- Flood by God to judge sin.

- No more sea.
- Light not based on sun.
- No darkness.
- No sin, curse or death.
- Flood by dragon to destroy the elect.

No more sea – life not water based. No hydrological cycle to support life.

Creation Magazine

THE CREATION FACTOR

Mark was raised a Catholic, and later played basketball at Auburn University with teammate (later Olympic dual gold medallist) Charles Barkley. In college, four friends witnessed to him. They first gave him a Bible and he started reading it. He was also given a Gospel tract. He said, "The tract probably cost half a cent, but it really got my wheels spinning. It had an arrow pointing to heaven and one pointing to hell. I realized the life I was leading and after hearing an evangelist on TV, I became born-again."

He was taught and believed that God used evolution to create (theistic evolution). When he started witnessing, he discovered that evolution was a major stumbling block. With the help of friends he realized that God is the incredible Creator as described in Genesis, and became fully convinced in the truth of God's Word. He started to understand how damaging the lie of evolution is, because it teaches people that death is normal, final, and that there is no life after death.

After he was saved, he worked as a teacher in an all-boys Catholic school. He taught creation while the other teachers taught evolution. Most students placed their trust in the opinions of the other teachers instead of the Bible. He feels this is common even in evangelical circles, which is why he always keeps pointing people back to what the Bible says, so that their issue is not with Mark personally, but with the Bible and God. He'll often tell people, "I'm about to disappear from your life, but you need to decide whether the Bible is true or not."

CREATION.com

Conclusion

He taught creation while the other teachers taught evolution [at a Catholic school]

Mark likes to find out what is holding people back from believing in God, and says the most common 'intellectual' reason given is evolution.

From the next page in the article.

Why do I do this? Show video.
www.truescience.ca

Mark Cahill – evangelist, speaking about truth of creation.
Video – Ed's 7 minute museum video on what he is working on.
