2 most common creation related questions:

Job 40 talks about behemoth. Dinosaur.

41 talks about Leviathan. V10: No one is so fierce that he dares to arouse him; Who then is he that can stand before Me?

Goes on to talk about fire breathing creature : dragon!

2 most common creation related questions:

1. Where did Cain get his wife?

2. Did dinosaurs and mankind live on the earth together (at the same time)?

Job 40 talks about behemoth. Dinosaur.
41 talks about Leviathan. V10: No one is so fierce that he dares to arouse him; Who then is he that can stand before Me?
Goes on to talk about fire breathing creature : dragon!

Who's on the earth ?

Lets look at the facts, without adding any of our own interpretations.

[Genesis 5:4](#) - And the days of Adam after he had begotten Seth were eight hundred years: and he begat sons and daughters...

Who was on the earth at the time of Adam, Eve and Cain?

Cain's wife - revealed!

Who was
Cain's wife :
a sister.

Wrong ?

Wedding list : only family members : no one else exists

Could be a niece, a daughter of one of his brothers or sisters.
Why is it wrong to marry a sister or niece? Who says it is wrong?
Bible does not say so until the law is given, which is thousands of years later (about 2500 years later)
But family marriage causes genetic problems right? Lets look at that.

4400 years of gene's passed on

Each generation has increasing number of defective genes.

Have you ever seen pictures like this?

Yes picture has no dinosaurs. This is what we see in books, even Christian ones. [CLICK](#)

Why no dinosaurs?

God said take 2 of every animal, 7 of the clean ones. Should be at least 2 dinosaurs.

Common miss understanding - dinosaurs were called dragons, possibly behemoth, in the Bible.

Lots of evidence they existed long after the flood.

Natural Bridges National Park, USA.

Pueblo Indians lived here from 900-1200 AD.

Carved a dinosaur in the rock just left and up from where I am standing.

How could they do this in 900 AD if they did not see dinosaurs which supposedly lives 170+ million years ago?

Answer - maybe dinosaurs lived in 900AD.

Cal Bombay - know him? From 100 Huntley street. He was speaker at men's conference in mid 90's.

Said he saw dinosaurs in Congo, Africa, in 1960 when he was a missionary there.

Cal Bombay, committed Christian. Saw dinosaurs 50 years ago!

Ever hear that in the media?

Dinosaurs seen my mankind

Stone from Peru. About 11,000 of these in a museum. Inca paintings and carvings. Quite accurate image. First recorded in 1571 by Spanish invaders.

Inca's lives 1000-1500 AD. Again well in Bible time periods for dinosaurs, and all animals.

Coelacanth extinct 410 million years ago in fossil records. Now found, shown here a diver swimming with one.

Fossil records also shows this fish has not changed at all in the 410 million years (if it really was that long, or maybe only 6000 years).

Right shows a person actually riding a dinosaur. Also from Peru. Not a Ostrich as it has 4 legs and a tail.

John 5:39 - 47

You search the Scriptures because you think that in them you have eternal life; it is these that testify about Me; and you are unwilling to come to Me so that you may have life.

I do not receive glory from men; but I know you, that you do not have the love of God in yourselves. I have come in My Father's name, and you do not receive Me; if another comes in his own name, you will receive him.

How can you believe, when you receive glory from one another and you do not seek the glory that is from the *one and only* God?

Do not think that I will accuse you before the Father; the one who accuses you is Moses, in whom you have set your hope. For if you believed Moses, you would believe Me, for he wrote about Me. But if you do not believe his writings, how will you believe My words?

Why teach about Creation/Evolution?

70% Christian youth lose their faith during teen years.

Why?

- Schools teach evolution, even in non-science classes.
- Movies almost exclusively evolutionary.
- News of any science discovery tries to relate it to evolution in a supportive way.
- Many churches teach nothing on this topic.
- Parents do not know the answers to teach children.
- Youth want facts, evidence. Science **seems** to give that.
- Evolution and the Bible are 100% contradictory.
- Mark Cahill (evangelist) on lack of faith: “*the most common ‘intellectual’ reason given is evolution.*”
- Any surprise 70% lose their faith?

Science - Evolution and Creation

- 🌐 Experts said man cannot fly.
- 🌐 Scientist's theories not matched to experimental reality.
- 🌐 Orville Wright first to fly: 852 feet in 59 seconds on December 17, 1903.

“If we all worked on the assumption that what is accepted as true is really true, there would be little hope of advance.”

- Worked 25 years before they were successful.
 - Their picture is the most copied in history
- 60? Years later man walked on the moon!

- Today what is accepted as true is evolution. But it is not really true.
- Need to keep fighting, sharing what is the truth in the area of creation/evolution.
- This is my mission in life.
- These 5 nights are to provide you some evidence to share with others if/when the chance arrives.

- First, a question and answer

The Bible

Is it true?

Show title only. Ask audience do they believe the Bible? Is it God's word, his truth given to us
Is it all true or only part of it?
The Bible contains many things that seem untrue - miracles we call them.
Do you believe that miracles happened?

Matthew 17:24-27

v27: “... go to the sea and throw in a hook, and take the first fish that comes up; and when you open its mouth, you will find a shekel.”

Coin in fishes mouth: a tax was requested of Jesus.
Jesus said he did not need to pay tax. But he does to not cause problems.
He then tells Peter what do to.

Exodus 14:13-31

v21b, 22: “the Lord swept the sea back by a strong east wind all night and turned the sea into dry land, so the waters were divided. The sons of Israel went through the dry land, and the waters were like a wall to them on their right hand and on their left.”

Red Sea parting. Notice 'dry ground', notice 'water like a wall on left and right'. I once heard a pastor talking about the people walking through the mud!. Also that the sea dried up.
Not what the Bible clearly says. Miracle!

The Bible - still true?

John 5:46,47: “For if you believed Moses, you would believe Me, for he wrote about Me. But if you do not believe his writings, how will you believe My words?”

What did Moses say?

Moses said:

Genesis 1-2. 1:31 - 2:2 “³¹ God saw all that He had made, and behold, it was very good. And there was evening and there was morning, the sixth day. ¹ Thus the heavens and the earth were completed, and all their hosts.

² By the seventh day God completed His work which He had done...”

Show verse. Says God created the universe in 6 days. Not billions of years.

Still believe?

Many people do not, especially in Western world. Those more educated, taught sciences, taught evolution.

Is evolution taught in our culture?

All levels of school; media; government;
Magazines; TV; Movies, etc.

Biology books

Romans 1:20 “For since the creation of the world His invisible attributes, His eternal power and divine nature, have been clearly seen, being understood through what has been made, so that they are without excuse.”

Many scientists in NASA, SETI, CERN.

‘Skilled’ people write biology books.

Scholarly magazines? Some are.

We expect the new to be trust worthy.

We may not believe all movies, but they do plant false ideas, many of them.

Mission to MARS extremely clear - shows an alien on Mars sending seeds of life to earth, falling in the oceans, and life evolving. Great animation!

Original Star Trek and ST Next Generation each have episodes clearly speaking to evolution.

This is all a form of advertising. Works with clothing, toys, so why not ideas!

Creation or Evolution? What does Science say?

- Science: facts + assumptions = theories.
- Science can point to either creation or evolution.
- For example:
 - rock (fact) + dating technique (assumption) = the earth is very old (theory).
 - rock (fact) + different dating technique (assumption) = the earth is very young (theory).
 - The truth depends on the validity of the assumption!

Science claims are not FACTS, they are theories based in interpretations of facts.

Facts are physical evidence. Even facts may not always be clear due to different measurements, errors, contaminations, etc.

Creation or Evolution? What does Science say?

- 🌍 Everywhere is evidence of creation.
- 🌍 We see evidence of dinosaurs alive recently.
- 🌍 Grand Canyon, Ayres Rock, coal deposits, sea shells on mountain tops - geological evidence of creation.
- 🌍 Too few exploding stars, sun too small - space evidence of young universe.
- 🌍 $E=MC^2$ - information needs a source giving evidence to a creator and thus creation.
- 🌍 Complexity of DNA and a single cell - biology give evidence of a young universe.
- 🌍 History/archeology show Bible true thus creation!

Will go into details much more the next 4 weeks.

For now, everywhere we look in nature we see evidence for creation, as Romans 1:21 tells us we will.

History in the Bible matches non-Bible historical sources.

Archeology- finding ruins and ancient writings also confirm what Bible says about places and people is true.

NOTHING gives evidence creation is false.

Everything supporting evolution is questionable based on the assumptions and known flaws in many of those assumptions.

What if we do not believe creation?

Delete the following books which refer to creation:

Genesis, Exodus, Job, Psalms, Matthew, Mark, Luke, John, Romans, 1 Corinthians, Colossians, Hebrews, 1 Peter, Revelations

Delete other material written by these authors:

Leviticus, Numbers, Deuteronomy (Moses); Acts (Luke); 1,2,3 John, 2 Corinthians, Galatians, Ephesians, Philippians, Colossians, 1,2 Thessalonians, 1,2 Timothy, Titus, Philemon (Paul); 2 Peter (Peter)

Result:

33 books of the Bible removed, leaving 33. Exactly $\frac{1}{2}$.
Do you really believe the Bible in you believe $\frac{1}{2}$ of it?

If we delete books authors wrote on creation, and we do not believe creation, then we must also delete all books written by these authors., as they are unreliable.

Why talk about creation?

- Creation or Evolution? Remember the 70%
- Can you answer your children's questions?
- Do you ignore ½ of the Bible?
 - Where did sin come from?
 - Why did Jesus come to the earth?
 - How did marriage come about?

3 questions through history:

1. Where did we come from?
2. What is the meaning of life?
3. What happens when I die?

Moses wrote about creation and the global flood.

Click
to see that Jesus himself referred to Moses. If Moses was not telling the truth Jesus would not say believe him.

Bible starts with creation, Matthew (NT) starts with genealogy (back to creation). Romans 1, John 1, talk about the beginning. Very important!

Click
3 questions people have asked since time began. Genesis deals with all 3, especially the first 2.

Creation is important many reasons. I will talk briefly about 2 reasons. 1) it affects our day to day lives and 2) it affects our eternal lives.
First, our day to day lives. Next slide.

What Next?

- Genesis 6:1-7: world evil. God gave people 120 years.
- The ark door closed, it was too late.
- Almost everyone left behind, perished.
- The door is open today. One day it will close again.
- Are you ready to believe?
- Have you accepted Jesus?

People had 120 years to repent of their sin before God's judgment. God is patient, not wanting any to perish.
People saw Noah building the ark. They were probably curious and I expect Noah would tell them what was coming.
No one listened except Noah's family. The door closed, left everyone behind. Everyone perished who was not on the ark.
The door is again open. Rev 3:10 - behold I stand at the door and knock. He who opens the door and lets me in, I will eat with him and he with me.
Jesus is returning soon. The door will again close. Those who have not accepted Jesus, will be lost, forever. They will not go to heaven.
Are you ready? Do you believe the Bible? Have you accepted Jesus as your saviour?
Jesus paid for each of our sins. If we accept him, ask Jesus to forgive us our sins he will and we can enter through the door to heaven. Eternal life.
For many in the west evolutionary teaching makes it very hard to people to believe the Bible, a book which talks about creation, not evolution.
Today you have heard the truth. Evolution is a lie. Do not give in to satan's lies, turn to Jesus for the truth.
